

PRODUCT No. 7359/125

Horizontal cutting stand for the table – 1250 mm

(Illustrative photograph)

### Technical data

Material	Steel
Weight	10 kg
Max. working width	1250 mm
Width	1680 mm
Depth	85 mm
Height	225 mm

### Attributes

- The packing material holder and cutting bracket ensures easy and accurate cutting of the required packing material size.
- The cutting stands come with an universal blade knife that can be used for cutting without interchangeability.
- Applicable in packing and export centres – corrugated cardboard, wrapping paper, PE foil, bubble foil, etc.

### Color variations

- Black – red.

### Product purpose

- Designed for cutting of packaging materials.

### Additions

- Versions of cutting stands for lengths of 750 and 1000 mm are not equipped with a handle for manipulating the knife bracket.
