

### PRODUCT No. 7367

#### Triple bin for sorted waste

(Illustrative photograph)

#### Technical data

Material	Steel sheet
Material thickness (housing/lid)	2 / 2 mm
Expansion hoop	Wire of 8 mm diameter
Capacity	3x 75 l
Weight	67 kg
Width	680 mm
Length	740 mm
Height	1040 mm

#### Attributes

- Made of galvanized steel sheet.
- Triple-chamber bin with lockable doors.
- Each chamber is connected by bolts and the roof is integral.
- The doors are locked by using a triangular lock.
- A bag is placed inside each section, hung behind the inner hoops.
- Surface finishing is made by the base layer and then the top layer of powder paint.
- Feet are fitted with three holes of 8 mm diameter, which are used for anchoring.

#### Color variations

- Standardly grey RAL 7035 (Grey).

#### Product purpose

- Designed for collecting of common waste without sorting for outdoor and indoor use.

#### Additions

- The bin can be used only when anchored and with inserted bag.
- Material for anchoring is not included.
- Bag can be ordered – type 5030.
