

PRODUCT No. 4105

Plastic container Round Brute 121,1 l – yellow

(Illustrative photograph)

Technical data

Material	Polyethylene (LLDPE)
Capacity	121,1 l
Weight (approx.)	3,5 kg
Diameter	559 mm
Height	692 mm

Attributes

- Made of resilient plastic polyethylene.
- Used in administrative centres, fast food, industry or gastronomy.
- The reinforced edging of the container ensures a high service life – two handles to ease manipulation.
- Smooth surface of the container allows easier cleaning.

Color variations

- 4105 (Yellow), 4242 (Grey).

Product purpose

- Designed for transportation and storing of material.

Additions

- A lid can be ordered – lid is put on by hand pressure and is easy to release – type 4106.
- Chassis can be ordered – the chassis can be easily coupled and disconnected from the container – type 3057.
