

### PRODUCT No. 4258

### Sorption mats – yellow – heavy 500 x 400 mm

(Illustrative photograph)

#### Technical data

Material	100% Polypropylene
Sorption capacity (Oil/water)	101 l / 57,8 l
Package weight	7,6 kg
No. of scraps	200 pcs
No. of pieces in package	100 pcs
Scrap dimensions	250 x 400 mm
Package dimensions	510 x 410 x 455 mm
Dimensions	400 x 500 mm

#### Attributes

- Made of 100% Polypropylene (does not contain any hazardous substances according to REACH).
- Designed as chemical sorbent.
- Suitable for chemical operations and everywhere where are hazardous and aggressive chemicals handled.
- Used for sorption of aggressive chemicals and their suitable solutions.
- Mats are perforated.

#### **Recommended use:**

Sorption of aggressive chemicals and their suitable solvents. High sorption capacity and higher mechanical resistance.

#### Color variations

- Yellow.

#### Product purpose

- Designed for sorption of aggressive chemicals, acids and alkalis and chemical solutions.

#### Additions

- Cannot be used to extract petroleum-based substances, oils and greases from water.
- If used for particular chemical substance, consult the suitability of the product with the safety technician.
