

PRODUCT No. 5508

Manually operated fork truck – Fork-lift

(Illustrative photograph)

Technical data

Material	Steel
Control type	While walking
Weight	128 kg
Load capacity	1000 kg
Lift height	800 mm
Min. height of lifted fork	85 mm
Forks width	540 mm
Length	1480 mm
Width	1210 mm
Height	568 mm
Wheels dimensions (control/fork)	180x50/75x50 mm

Attributes

- Made of steel material.
- Suitable for ease of work in warehouses, dispatching of goods or by production machinery.
- When lifted above 400 mm, the supports are landed on the floor.
- Lifting is carried out by manual lever system.
- Supports improve the lateral stability of the truck.

Color variations

- Standardly red-black.

Product purpose

- Designed for lifting and manipulation with heavy burdens.
