

Wall mounted holder with eye washout
TYPE: 3948

Illustrational photograph

TECHNICAL DATA

Material	Plastic / solution
Solution	0,9 % NaCl
Bottle (quantity / capacity)	2x pcs / 500 ml
Weight	1,5 kg
Dimensions (W x D x H)	320 x 75 x 410 mm
Solution expiration time	2 and ½ years

ATTRIBUTES

- The holder is made of heat-moulded plastic with a transparent lid.
- The holder can be easily attached to the wall using screws with dowels (part of delivery).
- Plastic holder protects the eyewash bottles from dirt.
- The holder contains 2x bottle with physiological solution (sterile 0,9% NaCl) with capacity of 500 ml and a mirror.
- Designed for fast first-aid when eyes are in contact with dirt and chemical substances.
- Bottles are equipped with an ergonomically shaped eye cup for opening the eyelid – rinsing liquid thus gains direct access to hurt eye.
- One 500 ml bottle is sufficient for about 4 minutes of intense rinsing.

PRODUCT PURPOSE

Product is designed for fast first-aid help when eyes are in contact with dirt and chemicals.

ADDITIONS

Spare refill can be ordered – type 3948-A.
