

PRODUCT No. 7358/125

Horizontal unwinding stand – two windings – 1250 mm

(Illustrative photograph)

Technical data

Material	Steel
Weight	23 kg
Max. working width	1250 mm
Max. winding diameter	900 mm
Max. weight	80 kg
Width	1650 mm
Depth	805 mm
Height	1500 mm

Attributes

- Made of steel – steel construction made of four square profiles.
- Equipped with two galvanized support bars with conical fixing of rolled material – for two rolls.
- Accurate fixing of internal diameter of the tubes.
- Applicable in packing and export centres – corrugated cardboard, wrapping paper, PE foil, bubble foil, etc.
- Designed for rolls with a length of 1250 mm and a maximum weight of 80 kg.

Color variations

- Black.

Product purpose

- Designed for unwinding of packaging materials.
