

PRODUCT No. 7685

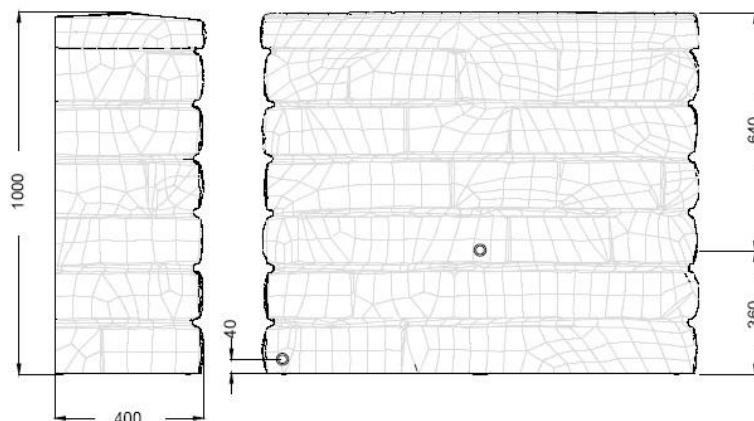

Tank for rainwater Rocky Wand – 400 l

(Illustrative photograph)

Technical data

Material	Plastic
Capacity	400 l
Weight	35 kg
Threaded connection	$\frac{3}{4}$ "
Width	400 mm
Depth	1200 mm
Height	1000 mm

Attributes

- Made of 100% recycled plastic material.
- Tank with a rock design imitation for rainwater collection.
- The material is resistant to UV radiation and weather influences.
- Thanks to the angular shape, the space requirement is minimal for large volumes.
- Equipped with two threaded connections $\frac{3}{4}$ ".
- Equipped with two brass threaded connections for easy installation of the tap and universal hose.
- The tap is part of delivery.

Color variations

- Grey.

Product purpose

- Designed for rainwater management.

Additions

- The tank have to be placed on a solid and flat surface.

Attributes

It is not suitable to keep any water inside the product in a winter season. The water may become ice and potentially damage the product.

The product is made of plastic material and therefore has no fire protection and is therefore a flammable product. Do not store the product in the immediate vicinity of heat sources (e.g. naked fire).

Winter maintenance

The tank must be completely emptied.

Disconnect the tank from the intake from downpipe.

Set the tap into open position.

In case of usage of downpipe filter, set it into winter mode.
