

### PRODUCT No. 7753

#### Tank for used kitchen oil 240 l – Oliv box

(Illustrative photograph)

#### Technical data

Material	HDPE
Capacity	240 l
Weight	55 kg
Width	1400 mm
Depth	1000 mm
Height (tank/total)	1200 / 2350 mm

#### Attributes

- Made of high density polyethylene (HDPE).
- High capacity container designed solely for collection of used kitchen oil in PET bottles – without direct pouring of the oil.
- The container consists of two containers, of which the inner one is a trolley container with a capacity of 240 l.
- Taking the inner container out of outside one is possible through a backside lockable door.
- The container protection against accidental overturning is ensured by means of steel elements anchored to the surface.
- The outer container serves as a cover for the inner one is made of plastic resistant to weather influences and UV rad.
- Standardly delivered with English stickers (can be delivered with stickers in different language on demand).
- **Method of emptying the tank:** the tank consists of an outer tank and an inner mobile container. PET bottles filled with used cooking oil are thrown into the tank which accumulates in an inner plastic container. After filling up, rear door of the outer tank has to be opened and inner mobile container removed and emptied.

#### Color variations

- Yellow.

#### Product purpose

- Designed for collection of used kitchen oil in PET bottles.
