

PRODUCT No. 7857

Boltless shelf rack with long shelves – base rack

(Illustrative photograph)

Technical data

Material	Steel sheet
Weight	45 kg
Shelf load capacity	200 kg
Load capacity	800 kg
No. of shelves	4x
Width	1500 mm
Depth	600 mm
Height	2000 mm

Attributes

- Made of galvanized steel sheet.
- The system of assembly allows easy and quick adjustment of the shelves in 25 mm increments.
- The system of assembly saves time during initial installation itself.
- Racks are equipped with long shelves with a load capacity of 200 kg per shelf.
- The load capacity of the shelf is only valid with even load distribution.
- Individual racks can be expanded by using additional racks.
- Racks can be widely used from archives to workshops.

Color variations

- Galvanized.

Product purpose

- Designed for indoor storage of materials and packaging.

Additions

- Supplied in disassembled state.
- Never exceed the specified load capacity of the shelf for proper function.
- Always maintain an even load distribution on the shelf.
