

PRODUCT No. 7933

Foldable mesh box

(Illustrative photograph)

Technical data

Material	Steel / wood
Weight	73 kg
Load capacity	900 kg
Mesh loop (H x W)	50 x 50 mm
Length (inner/outer)	1200 / 1230 mm
Width (inner/outer)	800 / 835 mm
Height (inner/outer)	800 / 970 mm

Attributes

- Box consists of floor frame and mesh side panels.
- Its design allows folding of the box and save up space during transportation and storing.
- Possibility of manipulation by both low-lift and high-lift trucks from all four sides.
- During manipulation by a crane, the box must be lifted with a suitable lifting frame (only vertical forces apply).
- Possibility of adding an undercarriage for easier manipulation on flat and sturdy floors.
- Surface finishing carried out with base paint only.

Color variations

- Standardly grey (RAL 7030).

Product purpose

- Designed for transportation of different kind of goods and material.
