

PRODUCT No. 8016-4

U-bolt

(Illustrative photograph)

Technical data

Material	Galvanized steel
Weight	0,16 kg
Inner diameter	89 mm
Length	143 mm
Thread	M10
Thread length	70 mm

Attributes

- Made of galvanized steel.
- Bolt with U profile.
- Used for fixing pipes, posts, etc. applications.
- The bolt includes 2 nuts.

Color variations

- Galvanized.

Product purpose

- Designed for fixing rounded material.

Additions

- **Use:**

The U-shaped bolts are used to attach rounded material to support points. For example, the U-bolt is suitable for attaching the waste bin with a bracket to the post. The U-bolt is attached around the post into the holes in the bracket and secured with two nuts.
