

PRODUCT No. 2027-A
Gravity lock – keyless locking

(Illustrative photograph)

Compatibility

Designed for plastic 2-wheel containers for collection of municipal waste

Attributes

- Gravity lock assembly for plastic bins.
- Facilitates locking of the lid to the bin against unwanted entry.
- Consists of a lock, a latch, a lower part, a set of two keys and a template for drilling holes.
- The key can be removed in the open position and the lid can be closed to lock it.
- The use of a template is required to drill the holes for installation of the lock.

Colour variations

- Red lock cover.

Product purpose

- Designed for locking plastic bins for collection of municipal waste.

Additions

- Option to purchase a key.

The set contains:
