

Indoor two-chamber Stream bin for sorted waste
TYPE: F2S_8467_0000

Illustrational photograph

TECHNICAL DATA

Material	Steel
Capacity	2x 35 l
Weight	5,3 kg
Dimensions (Dia. x H)	375 x 690 mm

ATTRIBUTES

- The body is made of stainless steel and the lid is made of galvanized steel with a powder-coated finish.
- The lid is designed to separate the collected waste into two compartments.
- Innovative design with an indentation for bag ring ensures that the bag remains hidden, improving aesthetics.
- The non-slip rubber base prevents the bin from moving, ensuring its stability during use.
- The body and lid are equipped with a sticker indicating type of waste (yellow / blue).
- The bin is equipped with folding mechanism for fixing a bag which is placed under the lid.

COLOUR VARIATION

Body / lid – gloss stainless / black (RAL 9005).

PRODUCT PURPOSE

Product is designed as indoor bin for collecting sorted waste.
