Description

Cartridge propane-butane cooker with modern, clean design and maximum practicality. Safe ignition and gas control are located directly on the cartridge valve – simple, fast and reliable. The triple burner ensures powerful performance and even heat transfer, making cooking more efficient than ever before. The durable case protects the cooker during transport and keeps it ready for use at all times. Compact, durable and stylish – the ideal companion for your travels.

Delivered with a case / without a cartridge.

Uses cartridges with valve and 7/16" thread (UKP02006, UKP02007 and UKP02008).

Estimated cartridge life:

100 g (30 min), 230 g (55 min), 450 g (2 h 15 min)
