

PRODUCT No. 3317

Slowdown speed bump – end part (groove)

(Illustrative photograph)

Technical data

Material	PVC
Weight	5 kg
Width	800 mm
Depth	150 mm
Height	52 mm

Attributes

- Made by hot pressing method of softened PVC.
- Traffic equipment to reduce vehicle speed.
- Each part is obtained with reflective elements and forms a black-yellow stripe when connected.
- Consists of continuous middle and end parts (type 4940 + 4941 + 3317).
- The semicircular locks together with the anchoring ensures a firm connection without the need for guide rods.
- Larger width (800 mm) of thresholds allows smoother crossing.
- Connection material is part of delivery (10x140 screw, 13 mm washer, 14x140 mm plug).

Color variations

- Black-yellow.

Product purpose

- Designed to reduce speed of vehicles.

Additions

- Connection material is included.
